

31.95m Deep Sea Tug for Various Offshore Support Operations

Vessel built for offshore and coastal services, towing, standby, mooring and various marine support operations.

Class: ✱100A1 Tug, ✱LMC
Year Built: 2005

Dimensions

LOA: 31.95m Breadth Moulded: 9.8m
Draft Loaded: 3.8m GRT / NRT: 404 / 121

Machinery

Main Engine: 2 x Yanmar 8N21A-SV/YX-1800C gearbox, AD12 protecting device, 2 x 1600bhp @ 800rpm

Generator: 2 x 145kW Cummins diesel driven alternators 415V / 3 Phase / 50Hz

Capacities

Fuel Oil: 380m³ Fresh Water: 80m³

Performance

Speed Maximum: 11 knots
Fuel Consumption: 6T / day
Type of Fuel: Marine Gas Oil

Communications

Fully Outfitted Navigation & Communication Equipment including GMDSS A3 / Satellite Phone / Fax / Email system.

Safety

Fire Fighting / Pollution Control / Safety Equipment to Statutory Requirements.

Towing Equipment

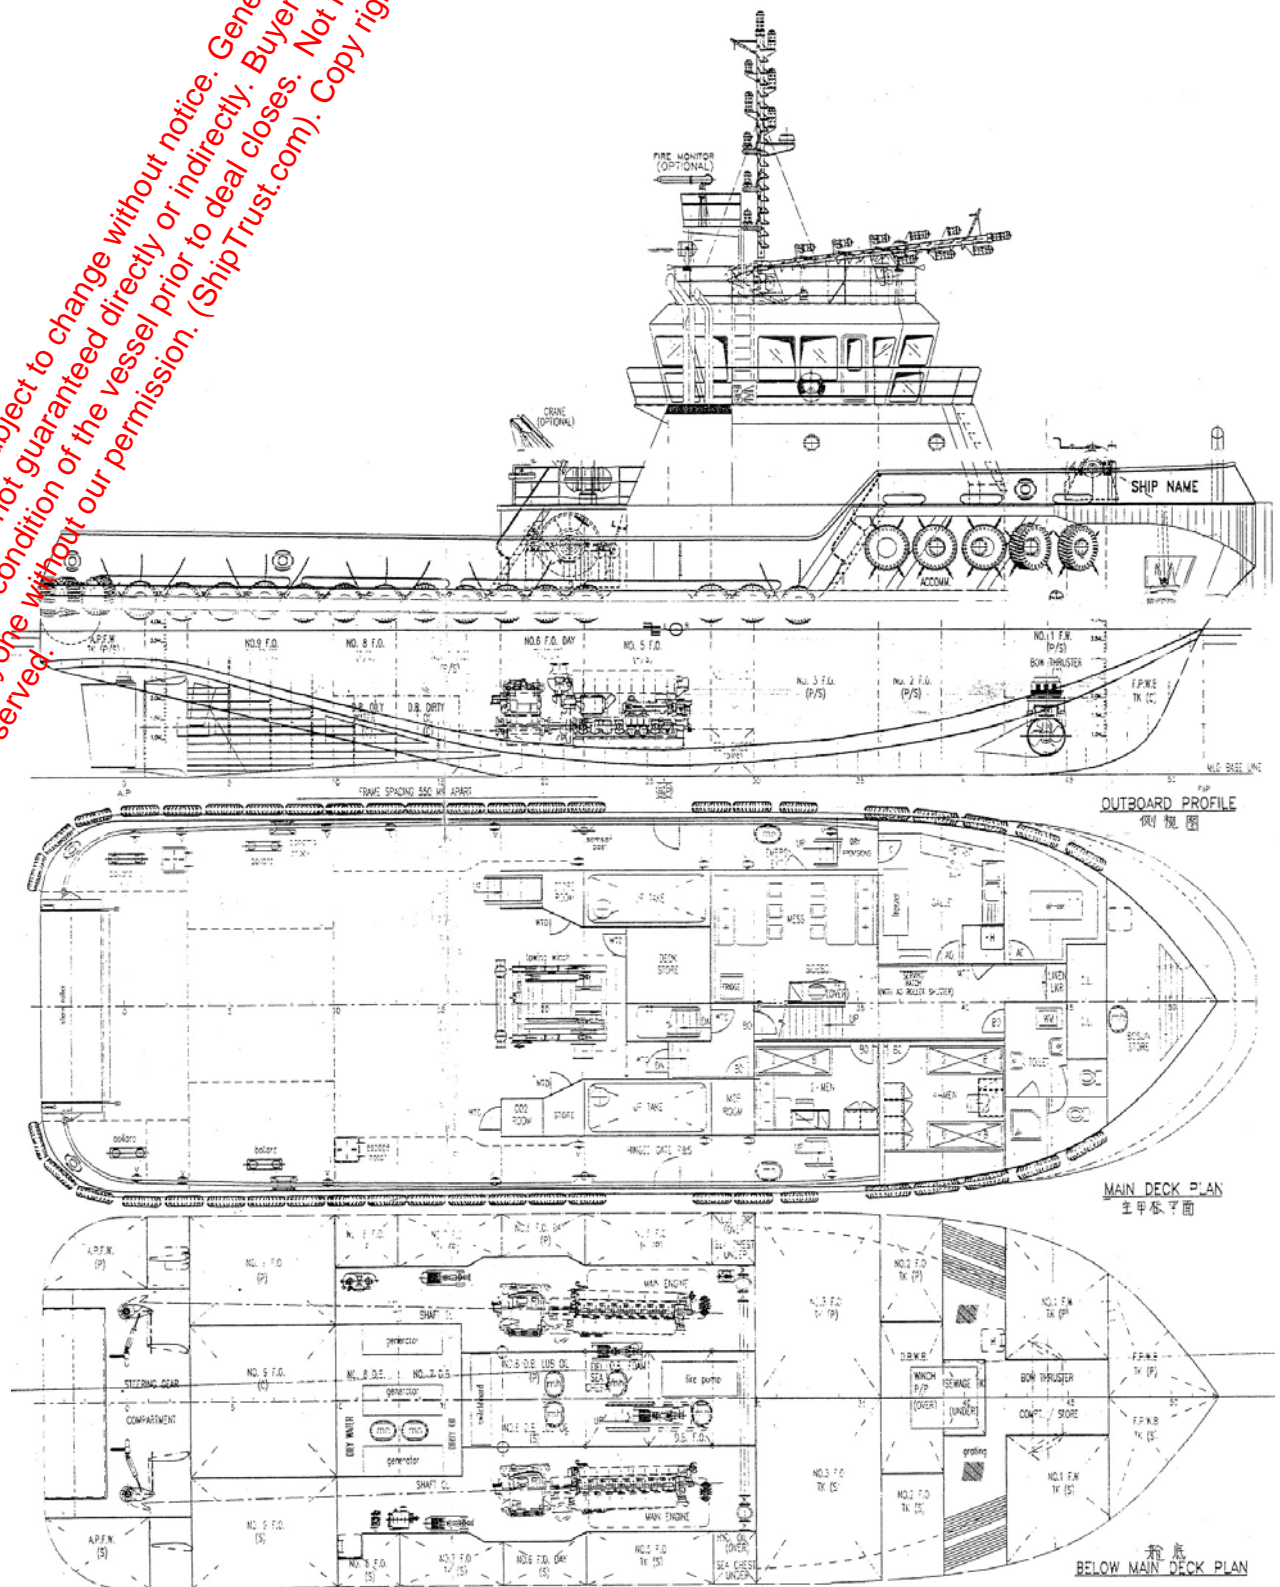

- Bollard Pull: 42T
- 1 x Single-Drum electro hydraulic – brake: 130T, pull: 50T @ 6m / min

Accommodation

Accommodation for 12.
